SOFT SKILLS

Team cooperation and listening

High attention to details

Reliability

Determination

Learning enthusiast

Solution-oriented

Creative aptitude

HARD SKILLS

Reporting, presenting

- Word, PowerPoint, PowerBI

Planning, scheduling and optimisation

- Excel (macros, powQuery)
- SAP MM-PP
- Ortems

Lean management

Coding

- VBA
- Python
- MATLAB
- HTML, CSS
- C++

Digital design and simulation

- FlexSim
- 3Dexp (CATIA, DELMIA)

LANGUAGES

Italian, *native*

French, *full-professional*

English, *full-professional*
C1 certified, IELTS 7.5, 2018

Spanish, *limited-professional*

Portuguese, *beginner*

EDUCATION

► Double master's degree in Production Systems & Logistics and Aerospace Engineering 2018 – 2021

Supméca [France], *from 09/2019*

Politecnico di Torino [Italy], *09/2018 – 08/2019*

An Erasmus scholarship gave me the chance to study in France, where I enhanced my soft-skills and specialized in a field that well suits my personal attitudes.

- industrial management
- supply chain management
- lean management
- business economics
- performance audit
- project management

► Bachelor's degree in Aerospace Engineering 2015 – 2018

Politecnico di Torino [Italy]

Graduation mark: 107/110

► High School Diploma in Chemistry 2010 – 2015

ITIS N. Baldini [Italy]

Graduation mark: 100/100

WORK EXPERIENCE

► Projet Assistant Ingénieur 2019 – 6 months

Supméca, Paris [France]

4-students group project that aimed at building a workshop in a Digital Factory environment (Dassault's 3DExperience). For technical reasons, the results didn't meet the expectations, but it was a great opportunity to develop teamwork skills and deal with a failure.

► Junior Intern 2018 – 3 months

Leonardo Aircraft Division, Turin [Italy]

Development of a knowledgebase of internal best-practices that users could navigate in order to know the enterprise's work procedures. The goal was to evaluate the practical and economic convenience of such a product.

Supervisor: Eng. Francesco Lanteri, Leonardo Company

► Chemical Analyst 2014 – 1 month

DECO Industrie, Bagnacavallo [Italy]

Routine quality controls on the cleaning products made by the company.
